

```
void SomeClass::doSomethingWithModel(Ifc2x3::ExpressDataSet *model)
{
    Step::RefPtr<Ifc2x3::ExpressDataSet> mPtr = model;
    mPtr->doit();
}

void SomeClass::doSomeStuff()
{
    Ifc2x3::ExpressDataSet *model = new Ifc2x3::ExpressDataSet();
    doSomethingWithModel( model );
    model->doitAgain(); // OOPS! model is now pointing to
                       // deleted data and this is an
                       // access violation
}
```
